THE THREAT OF LIBERTY

SAY 'NO' TO GOVERNMENT INTERVENTION, WHITE HOUSE POLICIES, LEGISLATION AND 'BEHIND CLOSED DOORS' DECISIONS THAT CONTROL BANKS, BUSINESSES, ENERGY, HEALTH CARE, WHAT WE HEAR AND SAY, WHAT WE DRIVE, A SECRET BALLET IN THE WORKPLACE, OUR NATURAL RESOURCES, SPENDING THAT INDEBTS OUR COUNTRY WHILE DESTROYING THE FREE MARKET,. WE ARE SEEING THE DESTRUCTION OF LIBERTY! CONTACT YOUR STATE REPRESENTATIVES. SEE (PAGE 5) NOT JUST ONCE, BUT CONSISTENTLY. THIS IS WAR UNLESS WE ARE WILLING TO SUBMIT TO STATISM WHILE WATCHING THE DISAPPEARANCE OF THE CONSTITUTION, THE DECLARATION OF INDEPENDENCE, AND THE BILL OF RIGHTS. LIBERTY IS A PERSONAL RESPONSIBILITY AS EXEMPLIFIED BY THOSE INDIVIDUALS WHO GAVE THEIR LIVES TO PRESERVE THE RIGHT TO BE SOVEREIGN.

TEA PARTIERS, VOICES ON THE HORIZON!

What encouraged people like you me to attend that first Tea Party rally? An event that would have been, at any other time, (unfortunately) a 'stretch' to have considered. People gathered in communities across America; frustrated and angry about the threat on our freedom while disgusted with those appointed leaders who have cowered from protecting the fundamental principals that further liberty.

We are witnessing a new chapter in history where Americans are taking charge of their destiny. Could a handful of people make a difference? Hundreds grew to thousands then to millions of same minded citizens who, with the American flag in hand and signs expounding 'liberty under assault', got the attention, if not of their state representatives, of many Americans who saw their friends and neighbors 'step up to the plate'. Town hall meetings were attended by citizens whose questions could not be answered. Politicians avoided the meetings knowing that their political rhetoric wasn't working. Only a few months have passed since the first rally, when many rolled their eyes at the hopelessness of the movement. The rallies have continued and 'the sleeping giant, called freedom fighters, is awakening.

The recent gubernatorial elections in New Jersey and Virginia, and New York, responded to those politicians that addressed local issues of greatest concern. It wasn't, as much, about money and backbiting, but rather offering solutions to issues. This indicates growing public awareness contributed by Tea Partiers across America who are empowering individuals to return sovereignty to themselves and to their state.

This is just the beginning as we have a serious battle before us to turn this country around. Freedom will only endure thru valiant individuals who never forget that liberty begins with us.

STATIST AGENDA

I. ENERGY CAP AND TRADE: A policy hoax under the guise of climate control (Global Warming). Controlling the energy we use means control over our lives and private property. Obama is determined to get this bill passed!

November 6, Personal Liberty News reported that bipartisan opposition to Senate climate bill is growing. The climate change bill that was scheduled to be marked up in the Senate Environment and Public Works Committee is facing growing opposition not only from Republicans but also from some Senate Democrats.

The Cap and Trade Bill is sponsored by Democratic Senators Barbara Boxer of California and John Kerry of Massachusetts. It would require U.S. manufacturers, utilities and refineries to reduce their 'carbon pollution' output 20 % by 2020 from 2005 levels.

Government mandated Health care is an atrocious threat, that pales in comparison to the montrous Cap and Trade bill. This proposed bill would place a dictatorship over our energy to usurp, by legal plunder, our freedom.

II. HEALTHHEALTH CARE REFORM: Control over 1/6th of our economy-control over medical services received, loss of choice over the physicians, loss of choice regarding insurance--

It is no surprise that the bill passed the House on Saturday, 11/8/2009! The Obama team bought it, twisted arms and lied for it with absolutely no concern for the voice of millions of citizens in this country. Dick Morris calls them, 'suicidal Democratic congressmen--'.

It isn't over yet, but there is much work to do. Contact with your representatives (page 5). Support organizations with your resources, that spread the truth about government plan to control our health care.

Read the following story that tells how the companies that endorse Obama's plan will benefit millions of dollars.

This story tells about AARP, AMA and Drug companies who will support the health care blackmail plan in order to benefit. The carrot for the drug companies also includes barring Canadian lower cost drugs from coming into the U.S. The only industry that refused to trade their soul for Obama's blackmail was the medical device makers. So the Senate Finance Committee retaliated by imposing a tax on medical devices----

PALOSI BILL HAS RADICAL AGENDA: "On Nov. 2, the Congressional Budget Office estimated what the plans will likely cost. An individual earning \$44,000 before taxes who purchases his own insurance will have to pay a \$5,300 premium and an estimated \$2,000 in out-of-pocket expenses, for a total of \$7,300 a year, which is 17 percent of his pre-tax income. A family earning \$102,100 a year before taxes will have to pay a \$15,000 premium plus an estimated \$5,300 out-of-pocket, for a \$20,300 total, or 20 percent of its pre-tax income. Individuals and families earning less than these amounts will be eligible for subsidies paid directly to their insurer." by McCaughey, Newsmax/Inside Cover, Nov. 7. See: <http://www.newsmax.com>

An example of Stimulus money in action-
See: page 3-THE EMPORER HAS NO CLOTHES----

IV. COMMUNICATIONS CONTROL NET NEUTRALITY, FAIRNESS DOCTRINE:

An agenda to control the airwaves i.e., broadband, talk radio, TV.competition and the free market. One example of government action to control communications is a recent attack on Fox which is enjoying the success of high ratings with their long neglected conservative views. Anita Dunn and David Axelrod are outraged by Fox's freedom of expression hoping that other journalists would turn their backs on Fox-Their ploy backfired as other networks were well aware that the tables could turn if the white house agenda wasn't politically catered to. Government, of course, has an awesome power, if it decided to be rough. The administration has the fairness doctrine and net neutrality to protect the left's monopoly on news.

A SERIOUS ATTEMPT TO DESTROY FREEDOM OF SPEECH

REGARDING TUESDAY ELECTIONS: Turnout for Boise was under 20% of registered voters causing the return of all incumbents. Where does the money come from to pay for local, state and federal spending? It comes from the labors of the people.

Voter turn out indicates apathy or laziness while few citizens battle for protection of our private property and Liberty!

STIMULUS I.E. TAXATION

THE EMPORER HAS NO CLOTHES, SAID THE TOWN CRIER,
AND THE PEOPLE HID THEIR EYES.
THE GDP IS UP, THE STIMULUS IS WORKING,
SAID THE GOVERNMENT CRIERS,
AND THE PEOPLE SAID, "YOU GOTTA BE KIDDING!"

Cash for Clunkers at a cost to the taxpayers of \$24,000.00 per car is falaciously noted as contributing to an improving economy. Government contracts for projects accounted for the rest of the rise in the GDP. What math is the government doing or how dumb do 'they' think the American public is?

The following article was published in The Washington Times, Nov. 28, 2003. written by Stephen Moore, a senior fellow at the Cato Institute--

'As I have noted many times, the GDP data is contaminated by the inclusion of government spending. When the government spends more, the official GDP grows, even though the government very rarely spends money efficiently.'

He went on to say---

'The tax cut has made one very other important positive contribution to growth, perhaps the most important of all. The stock market has soared ever since the tax cut was enacted. Since May 2003, the Dow Jones is up 14 percent and the Nasdaq nearly 18 percent. The folks at the American Shareholders Association report this stock-market adrenaline surge has increased American household wealth by more than \$1 trillion.'

Announced last week, Indicators of the GDP, as recently announced, are based on government spending not on the private sector. Jubilation coming from the white house is absolute theatrics. Behind the curtain they must have been sniggering until realizing that the audience wasn't applauding. Do you suppose that this white house administration hasn't a clue that the American public believes in the benefits of tax cuts and fiscal responsibility not government stimulus packages and mounting debt?

FREEDOM OF CHOICE IN THE WORKPLACE
EMPLOYEE FREE CHOICE ACT (CARD CHECK)

THIS MISLEADING LANGUAGE PUTS GOVERNMENT IN CHARGE.

The misleading EFCA would take away workers' rights to vote in private. It also gives control of the workplace to government bureaucrats. EFCA effectively constitutes a government takeover of America's workplaces.

Government officials would write the collective bargaining agreements of most newly organized companies. The government would set not just wages and benefits but all business operations that significantly affect workers, such as promotion procedures, retirement plans, health benefits, subcontracting, mergers, work assignments, even the machines used to run a plant. Employers would lose the ability to pursue their business strategies, and workers would lose all say about their workplace for two years. See: <http://www.heritage.org>

SINCE WHEN IS PLUNGING TRADE 'GOOD NEWS' FOR GDP?

by Daniel Griswold

Keynesian economics assumes that exporting goods adds to GDP, while importing subtracts because every car, shirt, or DVD player we import is supposedly one less that we make ourselves. So never mind that exports have fallen sharply in the past year; imports have fallen even faster, leaving us supposedly better off.

The mistake is seeing imports as a subtraction from GDP. The fact that we import \$1 million worth of t-shirts does not mean our GDP is therefore \$1 million less than it would be if we did not import the shirts. In fact, the \$1 million we sent abroad to buy the shirts quickly comes back to buy something valuable in our own economy.

The money foreigners earn selling in our market can be used to buy U.S.-made goods, but it can also be used to buy U.S. assets, such as stocks, real estate, or Treasury bonds. This investment also creates economic activity, and if the investment inflow is used wisely, it will actually raise our productivity and GDP.

If we want our economy to recover and grow, we should be rooting for more trade, not less.

AMNESTY AND ILLEGAL IMMIGRATION

New York Times / November 14, 2009

NEW YORK - The Obama administration will insist on measures to give legal status to an estimated 12 million illegal immigrants as it pushes early next year for legislation to overhaul the immigration system, Homeland Security Secretary Janet Napolitano said yesterday.

AG JOBS ACT-IMMIGRATION AMNESTY REVIVED

Members of the Senate are now reintroducing amnesty piecemeal. This appears to be a repeated white house ploy to hide the full impact of an amnesty for illegals. Ag JOBS Act of 2007” (S. 340), could be attached to the upcoming farm bill and grants amnesty to undocumented workers.

The Ag JOBS Act would create a pilot program that provides work visas, called “blue cards,” to guest workers. The Ag JOBS Act would grant amnesty to 1.5 million illegal agricultural workers and 1.8 million of their family members and would make it even easier for illegal immigrants to obtain legal status than under the Senate’s comprehensive immigration bill. Three changes are especially significant:

- * The wide variety of valid documentation will only make it easier to fabricate documents.
 - * Applicants for blue card status would not need to return to their home countries before applying,
 - * Applicants with pending criminal charges and those who have been convicted of some misdemeanors can still receive amnesty.
- The amendment also protects workers of blue card status from being fired unless the employer has "just cause." This clause could mire employers in legal proceedings.

HO HUM-TROLLY FOR BOISE:

Next year, Boise City Council will spend \$90,000 of taxpayer money to elicit support for the Street car. The CCDC has budgeted another \$75,000 for PR. Let’s just keep voting these people into the City Council!

Every year dollars disappear like water thru a sieve all for the sake of this ego inflating trolley trip, certainly not because it makes good sense, fiscally or functionally.

November, 11, Randal O’Toole, a nationally-recognized expert on the issue of street cars and a fellow with the Cato Institute, spoke in Boise. He discussed how similar mass transit projects in Portland have made that community a “city that doesn’t work.”

BERLIN CELEBRATES 20TH ANNIVERSARY
OF THE BERLIN WALL

Communism’s Enablers and Excusers
by Cal Thomas writes:

On Nov. 9, 1989, the Berlin Wall was pulled down to the consternation of leftists, who still had faith socialism could work with the right leaders, and to the delight of conservatives, who believed that socialism and communism guaranteed mutually-shared poverty. The Berlin Wall came down because the free world, led by America, stood resolute against communist tyranny.

When the wall fell, leftists could not bring themselves to admit they had been wrong, much less apologize for their misplaced faith. So they did what they do best: they made excuses

TEA PARTIES ACROSS AMERICA HAVE PROVIDED A PLATFORM FOR CITIZENS TO RAISE THEIR VOICES DEMANDING THE RETURN OF AMERICA TO THE “REPUBLIC” FOR WHICH IT WAS CREATED.

The threat against the very essence and core of what the United States of America exemplifies, is real. Our Constitution, the Declaration of Independence and Bill of Rights were written to prohibit political and judicial manipulations that bespeak oppressive government. This is a Republic (dictionary: A state in which supreme power is held by the people---). We are a nation suffering a threat from within that was once thought to exist outside this country. If we, in our home towns, our State and nation, are subjugated by the government, our dollar weakened or destroyed, and our spirit depressed, does it not indicate that we must act with greater resolve, greater passion, and from our very being to DISMANTLE THE FOES OF FREEDOM. CONTINUE TOWN HALL MEETINGS, WRITE AND CALL STATE REPRESENTATIVES, SUPPORT ORGANIZATIONS THAT, THROUGH THEIR NUMBERS IMPACT PUBLIC OPINION.

We, the people, care about our freedom. Join hands to bring this country back to a Republic (Dictionary: a state in which supreme power is held by the people and their elected representatives and which has an elected president rather than a monarch). Our Founding Fathers were men of diverse philosophical and religious perspectives, yet, were able to come together to create principals that would protect the peoples sovereignty.
